Advanced Recon Commando - Hammer

Model **ARC - Hammer**, Photo by **None**

Description: ARC Trooper - Hammer

Prefix: AR

Detachment: Clone Trooper Detachment

Context: The Clone Wars: Season 3

Hammer serves in the Grand Army of the Republic as part of Rancor Battalion. Hammer is recognized for showing outstanding courage in the defense of Tipoca City during the Third Battle of Kamino.

Please note that this costume is also eligible for membership in The Rebel Legion.

The 501st approval requirements are listed in black.

In the page below, items listed in blue are recommended features that will improve the quality of the costume. Items listed in red are intended to further enhance the finished costume.

For 501st membership only the requirements in black need to be met.

IMPORTANT: The "Animated" armor design, seen in The Clone Wars CG Series, differs from the "Realistic" armor design used to create characters from the theatrical films and graphic novels. See [this thread at clonetroopers.net](#) for the differences between the sculpts.

This Visual Guide has been reviewed by the detachment staff and the LMO team and is certified for use as a minimum approval guideline for GMLs. GMLs are free to approve this costume type.

- Any uncertainties or questionable aspects of the submitted costume should be brought to the appropriate DL/GML peer review section of the legion forum.

Required Costume Components

The following costume components are present and appear as described below.

Helmet

For 501st approval:

- Armor is painted matte or satin white.
- Narrow fin on dome.
- Black eye lens.
- Grey faceplate.
- Flat recessed surfaces of cheek areas are painted red.
- Side ear sections are painted white.
- There are (15) red dots on the dome of the helmet.
 - ◆ (7) on each side and (1) in the rear center.
 - ◆ Rear center dot is separated from the dots on either side.
- Red Rangefinder with silver stalk on right side of helmet.
- Rear of helmet is painted red.
 - ◆ Center V section and rear indented helmet band are painted a darker shade of red than the surrounding area or the center raised disc.
- Armor is weathered with shades of grey.

Neck Seal

For 501st approval:

- Neck seal is black in color with no ribbing.
- No logos or labels are visible.
 - ◆ If the seal is not incorporated as part of the under suit, a balaclava or other similar covering is acceptable.

For level two certification (if applicable):

- Neck seal closes in the front via (2) small black snaps.

Under Suit

For 501st approval:

- Black non-textured material, either one-piece or two-piece construction with no visible zippers or logos.

Pauldron
For 501st approval:

- Double sided pauldron.
- Black base with red panels.
- Attaches to top front of chest above the outer chest armor.

Shoulder Armor
For 501st approval:

- Armor is painted matte or satin white.
- Shoulders are padded so as not to rest flat against the arms.
 - ◆ The top of the bell sits 3/4" - 1" above the natural shoulder.
- Armor is weathered with shades of grey.

Upper Arm Armor
For 501st approval:

- Armor is painted matte or satin white.
- Armor has a notch on the lower area of the back of the arm that matches up with the elbow armor.
- The armor piece is weathered with shades of grey.
- Armor is seamless.
 - ◆ No visible traces of how the armor was assembled are shown.

Forearm Armor
For 501st approval:

- Right forearm is painted grey.
- Left forearm is painted matte or satin white.
- Mounted on the top of the left forearm is a small grey rocket.

- Left forearm includes a compad with four square buttons on the right side.
 - ◆ The front two buttons are white followed by a red button and a green button.
- Elbow plate is integrated into the forearm, extending up to fit into the notch on the bicep.
 - ◆ Elbow sections are painted matte or satin white.
- Armor is weathered with shades of grey.

Hand Plates

For 501st approval:

- Armor is painted matte or satin white.
- Hand plates are mirror images of each other.
- Hand plates have an angled peak that comes to a point over the index or middle finger, just past the main knuckle of the hand.
- Armor is weathered with shades of grey.

Gloves

For 501st approval:

- Black over the wrist gloves made of leather, nylon, or other low pile fabrics.
- Gloves cover any exposed skin.
- Gloves do not show any labels or logos when the armor is worn.

Chest Armor: Inner

For 501st approval:

- Inner chest armor is painted with a base color of matte or satin white.
- Lower section of chest armor has a rounded cut-out section to match the abdomen armor.
- Armor is weathered with shades of grey.

Chest Armor: Outer

For 501st approval:

- Outer chest armor is painted grey.
- Four red squares with four smaller dark red squares painted on top of them.
- Armor is weathered with shades of grey.

Ammo Pouch

For 501st approval:

- On the right side of the chest armor, over the right breast, there is a three compartment black ammo pouch.

Back Armor

For 501st approval:

- Armor is painted matte or satin white.
- Rear center of back armor has detailed area that contains a O11 pattern.
- Shoulder straps are placed over the chest and back armor at the seams.
- Armor is weathered with shades of grey.

Backpack

For 501st approval:

- Backpack is painted a dark blue.
- Side disc details are painted olive green.
- Round detail and large rectangle, on rear of backpack, is painted a Nutmeg-Brown color.
- Components attached to pipes are satin white.
- Rectangles on each side of pack are painted Slate Blue.

Abdomen Armor

For 501st approval:

- Armor is painted matte or satin white.
- Top edge of the armor is curved to match the chest.
- The ab armor protrudes out in the middle to match the shape of the chest armor.
- (4) inset lines divide the ab plate into segments.
- Abdomen armor and kidney armor connect at the sides with no open gap.
 - ◆ A butted seam between abdomen and kidney armor is acceptable.

- Armor is weathered with shades of grey.

Kidney Armor

For 501st approval:

- Armor is painted matte or satin white.
- Abdomen armor and kidney armor connect at the sides with no open gap.
 - ◆ A butted seam between abdomen and kidney armor is acceptable.
- Armor is weathered with shades of grey.

Codpiece and Belt front

For 501st approval:

- Armor is painted matte or satin white.
- Integrated belt section is approx 3" tall and divided into segments.
- Two larger boxes attached (one on each side).
 - ◆ Note: Side boxes not to be confused with the additional small front belt boxes.
- The codpiece and posterior armor connect at the hips.
 - ◆ Butted seams are permitted at this connection if required.
- Armor is weathered with shades of grey.

Posterior Armor, Belt rear and Detonator

For 501st approval:

- Armor is painted matte or satin white.
- Integrated belt section is approx 3" tall and divided into segments.
- Posterior armor and codpiece connect at the hips.
 - ◆ Butted seams are permitted at this connection if required.
- Detonator is centered on the back of belt.
 - ◆ There no control buttons.
- Detonator has 2 lines set in approx 1/2" - 5/8" from the edges. Lines may be recessed or painted on.
- Armor is weathered with shades of grey.

For level two certification (if applicable):

Detonator lines are recessed.

Belt Boxes

For 501st approval:

- Two white front boxes
- Two black rear boxes.
- Boxes cover attachment points of the holster straps.
- Armor is weathered with shades of grey.

Thigh Boxes and Holsters

For 501st approval:

- Thigh Boxes have a flat grey upper section and a dark grey lower section.
- Holsters are painted black.
- Holsters and Thigh boxes are attached to the X-crossing double waist straps.
- Belt straps travel at an upward angle and attach behind the front and rear belt boxes.

Kama

For 501st approval:

- The kama is made of a heavy material or heavy canvas.
- Kama is dark blue.
- Kama has dark blue border trim.
- The front edges of the kama line up with the outside edges of the front two segments of the belt.
- The back of the kama is split all the way up to the belt.

Thigh Armor

For 501st approval:

- Armor is painted matte or satin white.
- Front of thigh armor has a flat triangular area near the knee with a notch cut out for the knee armor.
- From the top of the triangle a ridge line travels up the front of the thigh to the top edge.
- The upper outer edge has an angled section.
- Armor is weathered with shades of grey.

For level two certification (if applicable):

- Armor is seamless.
 - ◆ No visible traces of how the armor was assembled are shown.

Lower Leg Armor

For 501st approval:

- Lower portion of armor and the knee sections are painted red.
- Upper portion of the armor, under the knee section, is painted grey.
 - ◆ This grey area wraps around the upper part of the armor then angles downward in the front to reach the bottom of the upper most horizontal rectangle.
- The upper most horizontal rectangle is painted a grungy gold color
- Armor is weathered with shades of grey.

Boot Caps (Foot Armor)

For 501st approval:

- Boot caps are painted grey.

- Armor attaches to boots with hook and loop fastener.

Boots

For 501st approval:

- White, ankle high or tall enough to cover the ankle and eliminate any black undersuit visible at the ankle area.
- Boots are lace-less and have flat soles.
- Boots have a center strip running from the toe to the ankle.
- A strap across the top of the foot, and 2 flat white discs on either side of the foot, terminating the strap.

For level two certification (if applicable):

- Boots have accurate notched sole.

Optional Accessories

Items below are optional costume accessories. These items are not required for approval, but if present appear as described below.

DC-17 Hand Blaster (animated style)

For 501st approval:

Manufactured by BlasTech Industries, DC-17 pistols are designed for use as secondary weapons. Because they are widely recognized for their high stopping power and firing rate, many battlefield officers use them as primarily combat weapons.

- This is the animated variant of the DC-17 blaster.
- The number of pistols carried is dependent on the amount of holsters.

DC-15S Blaster Carbine (animated style)

For 501st approval:

Manufactured by BlasTech Industries, this weapon is commonly carried by the Troopers of the Galactic Republic.

- This is the animated variant of the DC-15S blaster rifle.
