Model : **Both, Aaron Garber (BH 6030) and Steve Gaza (BH 4034)**

, **Photo by** Bill Blackburn (TK 6960) and Arturo Delgado (BH 412)

**Description:** Dengar

**Prefix:** BH

**Detachment:** [Bounty Hunters Guild](#)

**Context:** Star Wars Episode V and VI

*Dengar among a group of bounty hunters recruited by Darth Vader to capture Han Solo and Millennium Falcon shortly after the Battle of Hoth in Empire Strikes Back. He is seen again in Jabba's Palace in Return of the Jedi.*

The 501st approval requirements are listed in black.

The Bounty Hunters' Guild defines two additional, optional levels of costuming excellence. In the page below, requirements for Level 1 "Notorious" are listed in blue. Level 2 "Infamous" requirements are in red. Please visit the BHG web site for a full description of these standards.

**For 501st membership only the requirements in black need to be met.**

This Visual Guide has been reviewed by the detachment staff and the LMO team and is certified for use as a minimum approval guideline for GMLs. GMLs are free to approve this costume type.

- Any uncertainties or questionable aspects of the submitted costume should be brought to the appropriate DL/GML peer review section of the legion forum.

## Required Costume Components

The following costume components are present and appear as described below.

Head Wraps  
For 501st approval:

- The head wrap is an open mesh, cheesecloth, gauze-like material that replicates a fresh bandage.
- Bandage is clean with no weathering.
- See Accessories section below for Return of the Jedi variant.

Hood  
For 501st approval:

- Light gray close fitting Balacalva style hood with a loose neck/chin cover.

For level two certification (if applicable):

- Chin cover: Three weathered snaps on each side. Two caps and one male snap.

For level three certification (if applicable):

- The center male snaps are to be centered and brought in  $\frac{3}{4}$  from the capped snaps

Facial Features  
For 501st approval:

- Make-up drawn on face to replicate the scar

For level two certification (if applicable):

- Scarring make-up or prosthetics used to replicate the scar. Ex. rigid collodion scarring liquid

For level three certification (if applicable):

- Eyebrows are covered by latex stage make-up or shaved off.

Shoulder Armor  
For 501st approval:

- Stormtrooper shoulder armor is used.
- One on each side and held together by a webbing strap that is worn across the back of the shoulders.

For level two certification (if applicable):

- An elastic strap keeps the bell close to the arm

For level three certification (if applicable):

- A 3? armour scar is on the backside of the right Shoulder.

Forearm Armor

For 501st approval:

- Stormtrooper forearm pieces are used.
- Forearm pieces are assembled and cut open lengthwise on the plain bottom half of the forearm.

Gloves

For 501st approval:

- Gray or White leather gloves with a 4-6 inch cuff. The brand name WELDAS SOFTOUCH Tig/Mig gloves appear to be the closest to the screen used gloves.
- White Damascus D650 Gauntlets or White/Grey Fencing gloves are a perfectly acceptable alternative.

For level two certification (if applicable):

- Gloves are weathered.

Flight Suit

For 501st approval:

- Light gray
- Heavily Weathered

For level two certification (if applicable):

- No sleeve or rear pockets

For 501st approval:

- A Snow trooper Chest plate and ribbed shoulder straps are used.
- Upper Center Greeblie plate has two round buttons, a vent piece, two bushings and two off-centered, blocks.
- ?T? Greeblie as seen on the snowtrooper chest.
- Lower Center Greeblie is a comm pad placed in the void of the snowtrooper chest plate
- A three button plate is on the left.

For level two certification (if applicable):

- The Comm Pad is curved

- A webbing strap is attached underneath the ribbed, plastic strap via a Chicago screw on the front and is attached to the backpack by two split rivets
- Square greeblies as seen on the scout trooper helmet mouth area are seen on the lower corners of the chest armour.

#### Backpack

For 501st approval:

- While screen accuracy is always the goal. some liberties are taken into account due to the fact there is only one known full photograph of the pack.
- See [Dengar's Backpack](#) for a breakdown of this complicated item.
- See Accessories section below for Return of the Jedi variant.

#### Abdomen and Codpiece

For 501st approval:

- Sandtrooper Abdomen armor is used.
- Left side ab plate has only (3) buttons.
  - ◆ Not four.
- Right side abdomen is blank and does not contain buttons like the Stormtrooper.
- There is a strap that attaches from the end of the cod piece to the back side of the belt.

For level two certification (if applicable):

- There is an ?armour scar? on the lower left side of the cod piece.

#### Belt and Pouches

For 501st approval:

- Belt is 2 inches wide and can be made of cloth, nylon strap or leather.
- Pouches are rectangular and boxy with an angled flap.
- Pouches secure to belt through a continuous loop on the back of each pouch.

For level two certification (if applicable):

- Pouches have two 1? loops
- Belt buckle has a round disk in the center.

#### Holster

For 501st approval:

- Leather or leather-like material.
- Attaches to belt like a Hoth Rebel Trooper or directly to the the thigh armor.

### Thigh Armor For 501st approval:

- Stormtrooper thighs are used.
- It is suggested for trooping purposes that a hidden garter belt under the jumpsuit or armour is attached to the jumpsuit by way of snaps or other method is best
- The thigh armour is closed in the back.

### For level two certification (if applicable):

- A wide shim of plastic that is similar to armour is to help close the back seam.

### For level three certification (if applicable):

- A 1" elastic strap is attached by two split rivets at the top of the front thigh pieces which wraps around the entire leg.

### Greaves For 501st approval:

- Sandtrooper Greaves are used.
- Greaves open in the back to expose the boot. Greaves do not close in the back.
- Diamond Knee plates ? six sided (hexagon) mounted onto a five-sided ?diamond? shape, with a point on the bottom ? are on BOTH knees
- There are three 1 1/4" ? straps surrounding the circumference of the greaves.
- Straps loosely hang off and droop.

### For level two certification (if applicable):

- Straps are made of canvas.

### For level three certification (if applicable):

- Straps are made from web belt material.

### Boots For 501st approval:

- Light tan or gray moccasin style, calf length boot

For level two certification (if applicable):

- Weathered suede or rough leather

## Optional Accessories

Items below are optional costume accessories. These items are not required for approval, but if present appear as described below.

Return of the Jedi Variant

For 501st approval:

- A stormtrooper chest plate may be worn in place of the backpack.
  - ◆ The chest plate is not worn in conjunction with the backpack.
- The head wraps are omitted when the backplate is worn.

DL-21

For 501st approval:

Manufactured by BlasTech Industries, the DL-21 blaster pistol features a flared muzzle with cooling vents to produce scattered energy charges.

- The DL-21 prop is a combination of the body of an AR-7 Explorer made by Charter Arms and a Sterling L2A3 submachine gun handle.
- The flared muzzle is the fin assembly off a British 2" Mortar shell.

DLT-19 Heavy Blaster Rifle

For 501st approval:

Manufactured by BlasTech Industries, the DLT-19 heavy blaster rifle is much more powerful with a much greater range than the E-11 blaster. Because of its powerful, long range capabilities, this rifle is commonly used on Imperial controlled planets with large, clear, open areas.

- Based on a real or replica MG-34 machine gun.

For level two certification (if applicable):

- A DLT-19 is an MG-34 with T-tracks on the barrel, ejection port cover added, and a small disk on left side.

MG-42 Machine Gun

For 501st approval:

- Replica / non-firing MG-42 machine gun

For level two certification (if applicable):

- [Butt stock is removed.](#)
