Moff Nyna Calixte

Model ID 3937, Photo by Marina Darmstadt-Hubscher

Description: Moff Nyna Calixte

Prefix: ID

Detachment: Imperial Officer Corps

Context: Star Wars: Legacy Series Graphic Novels

Nyna Calixte serves as a Moff on the Moff High Council of the Galactic Empire. She is recognized for her ruthless ambition. She is extremely secretive about herself and refuses to let anyone get close to her emotionally. Her manipulative personality and cold, calculating intelligence makes her one of the most dangerous Imperials in the galaxy.

The 501st approval requirements are listed in black.

The Imperial Officer Corp Detachment defines additional, optional levels of costuming excellence. In the page below, items listed in blue are optional features that will improve the quality of the costume. Items listed in red are intended to further enhance the finished costume.

For 501st membership only the requirements in black need to be met.

This Visual Guide has been reviewed by the detachment staff and the LMO team and is certified for use as a minimum approval guideline for GMLs. GMLs are free to approve this costume type.

- Any uncertainties or questionable aspects of the submitted costume should be brought to the appropriate DL/GML peer review section of the legion forum.

Required Costume Components

The following costume components are present and appear as described below.

Hair and Cosmetics
For 501st approval:

- Black hair, pulled back into a bun.
- Raised brows.
- Scarlett lips.

Upper Armor
For 501st approval:

- Hard armor fits over the shoulders, contouring to the body.
- The armor is gloss black.
- Can be made of plastic, fiberglass, or other stiff material that will maintain correct shape and appearance.
- There are a total of four strips, two over each shoulder.
- Armor extends 1?-2? outward from the shoulders.
 - ◆ The armor curves, from the front to back, and has an upward curve at the bottom front.
- Armor is affixed at the back with only a straight seam showing down the middle.
- Armor includes a neck ring.
 - ◆ The neck ring can be connected to rest of the armor as a separate piece, or completely integrated.
 - ◆ The tunic collar does not protrude from the top of this neck ring.
- Two, double red rank bars, are affixed to the collar.

Rank Bars: Upper and Lower
For 501st approval:

- Rank bars consists of colored plastic tiles, mounted on flat metal backing.
- The upper rank bar consists of four red tiles, two on each side of the neck. **These match the same specifications as Original Trilogy rank.
 - ◆ See: [Imperial Rank Bar page](#) for more information.
- The lower rank bar is unlike other officer ranks, having four red, horizontally mounted tiles, which are evenly spaced along the metal strip.
 - ◆ Tiles are mounted with 1/4" (6.4 mm) spaces between them.

- The lower rank bar is placed directly between the bottom of the cog symbol and the bottom of the chest armor.

Imperial Cog
For 501st approval:

- Cog is approximately 3" in diameter, affixed squarely in the center of the chest armor.
- The cog has a metallic finish, silver foreground, and black background.

Tunic, Black
For 501st approval:

- Fabric is a medium weight suiting material exactly matching the trousers.
 - ◆ Gabardine style weave is most accurate.
- Tunic is double-breasted with a left over right closure on the tapered yoke.
- Yoke comes up across the shoulder to the top shoulder seam.
- The standing collar has square corners and is about 1.25" (31.8 mm) tall and closes snugly.
 - ◆ The collar includes a modesty panel behind closure.
 - ◆ Collar edges are closed with two eye hooks.
- There are code cylinder pockets on both outside panels of the jacket, from about half way between the top and bottom on the arm hole.
- Sleeves are long, and without decoration, cuffs or buttons.
 - ◆ Sleeves contain 2 seams. One along the bottom and one along the back.

For level two certification (if applicable):

- Mid-section of the tunic is approximately two inches longer than the bottom of the rest of the tunic & opens on both sides, up to the waist-line.

Forearm Armor
For 501st approval:

- Completely encases the arm, connecting on the side of the arm closest to the body, with only a single seam visible.
- The forearm armor is made of the same material as the shoulder armor, with color and texture matching exactly.
- There are three bands around the armor, coming to a slight upward point on the outside of the armor piece.
 - ◆ These bands vary in size, going smallest from the wrist, to largest nearest the elbow.

Belt
For 501st approval:

- The belt is constructed from a non-textured leather or a leather-like material.
- Approximately 2" (50.8 mm) in width, up to 3" (76.2 mm) is acceptable.
- There are no loops on the belt.
- A single large snap or rivet is visible approximately 1" (25.4 mm) from the buckle.
 - ◆ The belt may be worn with the snap to the right or left of the wearer.
- The buckle is constructed from a horizontally brushed metal, or metal looking material.
- The buckle size is approximately 2 5/8" (66.7 mm) high and 4 1/8" (104.5 mm) wide with 0.5" (12.7 mm) radius rounded corners.
- Buckle is adorned with an [Imperial Code Disk](#) at the center.
- ◆ Please refer to the [Imperial Buckle](#) reference page for information on accurate and inaccurate style buckles.

For level two certification (if applicable):

- Belt is made of leather.
- Snap is worn to the left of the wearer.
- Buckle has a slight horizontal curve.

Jodhpur Trousers, black
For 501st approval:

- Fabric is a medium weight suiting material exactly matching the tunic.
 - ◆ Gabardine style weave is most accurate.
- Flared riding breeches are canon.
- Breeches are worn with boots.
- Pockets are acceptable, though they are not visible with the tunic on.

Officer Boots
For 501st approval:

- Knee-high, black, lace-less, smooth non-textured, leather or leather-like material.
 - ◆ Rubber is not acceptable.
 - ◆ PVC or synthetic material is allowed as long as it gives the appearance of leather.
- There are no stretch panels, buckles, snap tabs, or decoration.
- Boots have conservative heels.
- If zippers are present, they are hidden on the inner part of the boot shaft.
 - ◆ Not visible from the front, side or back.
- The top of the boots may be flat or Spanish Style, but not Cowboy or Super Hero (pointed at the front) style.

For level two certification (if applicable):

- Boots do not have a zipper.

For level three certification (if applicable):

- Boots are made of leather.
 - ◆ Not vinyl or PVC.
 - Exact replicas of English riding (dress) boots or Equestrian boots.
-
