Description: Imperial Warrant Officer

Prefix: ID

Detachment: Imperial Officer Corps

Context: Star Wars Episodes IV and VI

Warrant Officers, serving generally as non-commissioned enlisted officers, do not have a specific task as other ranks do. These officers instead specialize in particular fields that other crew members have little or no knowledge of. Among other duties, Warrant Officers are efficient shuttle pilots, technical crew leads, tractor beam and shield generator operators.

The 501st approval requirements are listed in black.

The Imperial Officer Corp Detachment defines additional, optional levels of costuming excellence. In the page below, items listed in blue are optional features that will improve the quality of the costume. Items listed in red are intended to further enhance the finished costume.

For 501st membership only the requirements in black need to be met.

This Visual Guide has been reviewed by the detachment staff and the LMO team and is certified for use as a minimum approval guideline for GMLs. GMLs are free to approve this costume type.

- Any uncertainties or questionable aspects of the submitted costume should be brought to the appropriate DL/GML peer review section of the legion forum.
