Male Tusken Raider

Model MODEL NAME, Photo by PHOTOGRAPHER NAME

Description: Male Tusken Raider

Prefix: DZ

Detachment: Krayt Clan

Context: Episode II: Attack of the Clones

Fearsome desert savages inhabiting the rocky Jundland Wastes, Tusken Raiders are the foremost reason Tatooine colonists do not wander far from their isolated communities. Extremely territorial and xenophobic, Tusken Raiders will attack with very little provocation. They show no allegiance to even their native world-mates, as these nomads have attacked Jawa scouting parties on occasion. Covered from head-to-foot in tattered rags and robes, Tusken Raiders -- or Sand People as they are also known -- brandish a deadly bladed club known as a gaderffii. They also carry projectile rifles with which to shoot at passing vehicles. The male of the species tend to be the aggressors..

Please note that this costume is also eligible for membership in The Rebel Legion.
